Enjoy pancakes,
bacon, fruit, coffee,
and juice!

SUPERINTENDENT'S MESSAGE

HOME EDUCATION

Peace River School Division's Alternative Education supports students and families through an adaptable, multi-faceted approach to education and includes Peace Home Learning Connection, Peace Regional Outreach Campus, the Fairview and Area Learning Store, and the Virtual Education Program.

With these programs, more students can receive and access education in ways that break the traditional mode and support their specific learning styles. This allows them to experience more success within a dynamic setting.

Through Peace Home Learning Connection, families within our area and throughout Alberta have access to several different home learning programs: "Parent-Directed" Home Education, "Teacher-Directed" Virtual and Distance Education, and "Shared Responsibility" Blended Programming. Students and families receive as much support as they need from our dedicated Home Education Facilitators who are Alberta certificated teachers. For more information about any of these programs, please visit peacehomelearning.ca.

Peace Home Learning Connection works to foster collaboration and networking amongst all our families by coordinating monthly activities and events. Some events have included picnics, field trips, gym and art days, cooking classes, drama and theatre, sports, and swimming! We are excited to be embarking on a new collaboration with the Peace River Art Club's Centre, the Art Hub, which is excited to regularly offer several different programs and classes for our homeschooling families throughout the region.

Sincerely,
Adam Murray, Superintendent of Schools

With these Alternative Education options, Peace River School Division truly is the first choice for students! Creating ways for ALL students to succeed is our top priority.
