SCHOOL BUS SAFETY WEEK

With cooler weather upon us, I want to remind our students who ride the bus to be clever and dress for the weather. Our busses operate most of the time, in all weather conditions. Even if a student is able to wait inside for their bus, they need to dress for the weather in case an accident happens on route to the school or their home. As the temperatures continue to drop, make

sure you are checking Bus Planner at www.prsd.mybusplanner.ca for the most up-to-date information on bus delays and cancelations.

BUS RULE – BE CLEVER. DRESS FOR THE WEATHER

Student safety is very important to me and by working together, we can make sure all of our students arrive to and from school safely, each and every day.

JOIN OUR TEAM! BECOME A BUS DRIVER TODAY!

If driving a school bus sounds interesting to you, then we have a place for you on our team.

We are always looking for more bus drivers, both as regular drivers and spare drivers. This rewarding career suits a broad category of people, from stay-at-home parents to grandparents, educational assistants, and so many other people with flexible schedules.

If you, or someone you know, are interested in transporting kids to school safely, please contact our

transportation department at **780-624-3006** or fill out the bus driver application form available on the North Peace Commercial Driving Academy website.

Thank you to Constable Popic of the Fairview RCMP detachment for leading our WITS assembly. WITS is designed to help children prevent victimization, such as bullying, discrimination and lateral violence. The WITS program gives children aged 4 to 12 the tools to manage conflicts and empowers them to make safe, positive choices within their community.

Canadian Dental Care Plan Régime canadien de soins dentaires

Applications now open for children under 18!

Did you know that poor oral health causes more than two million missed school days per year? In Canada, 57% of children 6 to 11 years of age have had a cavity, while tooth decay accounts for one third of all day surgeries performed in hospitals for kids between the ages of 1 and 5. The Canadian Dental Care Plan (CDCP) helps cover the cost of several oral health care services that can help keep your children's teeth and gums healthy. This includes services such as examinations, cleanings, fluoride application and sealants, and restorative work (fillings).

Applications for the CDCP are now open for children under 18

—find out if your child is eligible and apply today at Canada.ca/dental.

the Canadian Dental
Care Plan can help you
get oral health care.

STUDENT OF THE MONTH

October

A student would demonstrate the sacred teaching of love by showing a love of learning, love for themselves (growth mindset, health boundary setting, etc.), love for others, love for their community or the environment, etc.

Love is represented by the Eagle

To feel true love is to know the Creator. Therefore, it is expected that one's first love is to be the Great Spirit. He is considered the father of all children, and the giver of human life. Love given to the Great Spirit is expressed through love of oneself, and it is understood that if one cannot love oneself, it is impossible to love anyone else. The Eagle was chosen by the Great Spirit to represent this law, as the Eagle can reach the highest out of all the creatures in bringing pure vision to the seeker. Although the supplier of the greatest and most powerful medicine, love can also be the most elusive of the teachings, as it depends upon a world that acknowledges the importance of spirituality.
